Slide-a-Key

Chord Finder Classic

~ Classic Edition add-on ~ find the three main chords in any key

CHORD FINDER CLASSIC – cut along the dashed outline, then cut out the window

Assembly

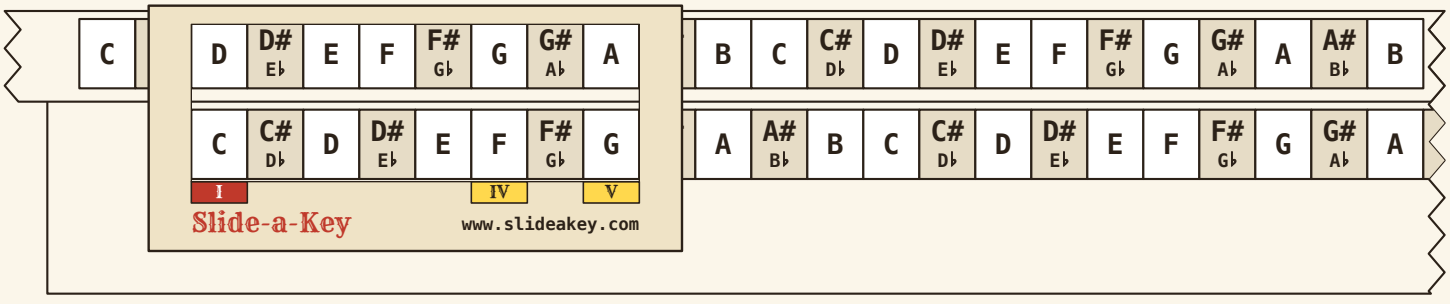

1. Print at 100% (no "fit to page").
   Thin cardstock works best.
2. Cut out the Chord Finder Classic, then cut out its window.
   A craft knife is easiest, so ask an adult to help.
3. Fold the flap back and hook it over the top
   edge, on top of the slider, window over both strips.
4. To move it, hold the slider still and slide just the Chord Finder Classic.
5. Move the red band under the key you're in. The slider's notes
   above the bands are its three main chords in the new key.

OPTIONAL ADD-ON!
FITS YOUR CLASSIC EDITION!
I, IV AND V
IN ALL 12 KEYS!
(SLIDER NOT INCLUDED)

What are I, IV and V?

I, IV and V are Roman numerals for 1, 4 and 5: count the letters up from the key's own note.
In C, C is I, F is IV and G is V. Lots of songs use only these three chords.

Quick Example: C up to D

Set the slider with D over C, then slide the Chord Finder Classic until its red band is under C.
The bands show D, G and A over C, F and G: the three main chords, moved up.

Thank you for choosing Slide-a-Key!

Free to print and share. Please don't sell.
